

SHUN LEE CATHOLIC SECONDARY SCHOOL (2018-2019)

8th May 2019

Dear Parents,

Circular No. 34

Application for Studying Extended Part of NSS Mathematics

The NSS Mathematics curriculum consists of an optional, Extended Part which will be offered to S5 and S6 students in our school. The school will not offer the corresponding course in the coming academic year, if the course is under-enrolled. To facilitate the school's resource allocation, all S4 students are required to decide whether or not to take this Extended Part. Please discuss with your child and indicate your preference by returning the completed reply slip on or before 21 May 2019.

Students will be screened on the basis of their overall academic performance. Please note that the attendance at the Tasting Classes held in March is not a prerequisite of taking the Extended Part in S5.

The result of the application will be released in July before the term ends. The school will arrange classes for shortlisted students during the summer vacation, and attendance is compulsory.

Yours faithfully,

Chim Yin Chu
Principal
